Family Galapagos Adventure

An Exciting Marine Odyssey with the Most Family-Focused Fun in the Islands!

Few things are more moving to a parent than the look of delight in a child's eyes in a face-to-face encounter with wild creatures. That happens all the time in the Galapagos Islands, where friendly sea lions, marine iguanas, penguins and blue-footed boobies entertain visitors at close range, nonchalant about our presence. In this remote Pacific archipelago 600 miles off the coast of Ecuador, the magic of nature is palpable. Unique animals, little touched by the influence of time, exist in splendid isolation. Sail aboard our family-friendly ship, snorkel with our naturalist Expedition Leaders, and walk ashore, wandering among the wildlife. Herman Melville called this ancient chain of submerged volcanoes Las Islas Encantadas, or the "Enchanted Isles," an apt name for a destination that is sure to create family memories that can truly be found nowhere else in the world!

Trip Highlights

On this exciting family adventure, a dedicated children's guide leads a variety of activities designed especially for kids, for the fullest discovery of the islands

Meet the islands' wondrous wildlife as we swim with friendly sea lions, snorkel with sea turtles, watch iguanas bask in the sun, and get close to giant tortoises

Cruise the volcanic archipelago aboard the National Geographic Islander, the perfect expedition base for snorkeling, kayaking, stand-up paddleboarding and hiking

Family Galapagos Adventure Itinerary

An Exciting Marine Odyssey with the Most Family-Focused Fun in the Islands!

Day 1: Quito or Guayaquil, Ecuador

Guests have the choice to arrive into Quito, Ecuador's capital with its World Heritage-status colonial Old Town, or Guayaquil, a vibrant coastal city with a lively waterfront malecon along the Rio Guayas. Guests in Quito will have the choice of several hotels, while those arriving into Guayaquil will spend the night at the Hotel del Parque, an elegantly restored 19th-century boutique inn surrounded by tropical gardens, before flying to the islands tomorrow. In both cities, a selection of local tours is available.

Day 2: Quito or Guayaquil / Baltra, Galapagos / Embark Ship

For those guests who spent the night in Quito, you will rise very early to fly to Guayaquil to meet your onward flight to the Galapagos Islands. All guests will fly this morning from Guayaquil to the Galapagos island of Baltra and transfer on arrival to the pier to meet the *National Geographic Islander II*. The expedition staff welcomes your family aboard, and once you're settled in, *Islander II* sets sail straightaway for a week of adventure. Crossings between islands generally take place at night to maximize time for exploration during the day. Look forward to waking each morning to fresh vistas and daily discoveries.

Islands—Disembark /
Guayaquil or Quito

Day 8
Guayaquil or Quito / Depart

Days 3–6: Cruising the Galapagos Islands

Each day, a new island awaits, with flexibility a hallmark of Lindblad's expedition style. Below is a sampler of the islands our Family Galapagos expedition may visit. In each location, enjoy personal encounters with the fascinating animals of the Galapagos, which are perfectly comfortable with humans and won't run away in fear. Choose among multiple modes of exploration each day: Take a guided hike with the ship's naturalists. Swim with tropical fish, sea turtles and penguins on daily snorkeling excursions—sometimes twice a day—that showcase the rich marine life of the Galapagos. Paddle a single or tandem kayak for water-level investigation of the scenic coastline. Step onto a stand-up paddleboard for meditative exploration of quiet bays. Hop onto a Zodiac to cruise along rocky shores dotted with blue-footed boobies, marine iguanas and bright orange Sally lightfoot crabs—an ideal excursion for photography, illuminated with a naturalist's narration.

Your itinerary will include a selection of these islands:

North Seymour

Encounter plentiful sea lions, nesting frigatebirds, plus land and marine iguanas, and enjoy a striking views on a coastal walk.

Santa Cruz

Call at Puerto Ayora, the largest town and headquarters of both the Galapagos National Park and Charles Darwin Research Station, which operate in partnership. At Darwin Station, learn about the efforts of scientists, guides, rangers and park managers to preserve the unique features of the UNESCO World Heritage Site that is the Galapagos. At the tortoise-rearing facility, see tiny babies bred to help increase the depleted tortoise population, a central part of the station's conservation mission. To date, more than 5,000 tortoises have been returned to the wild in Galapagos through the program. Santa Cruz is also home to wild Galapagos tortoises, the islands' namesake, which dwell in the misty scalesia forests of the highlands.

Isabela

Isabela, largest of the Galapagos islands, was created when six volcanoes flowed together. Today, its shape resembles a seahorse. In addition to kayaking and deep-water snorkeling, a small black sand beach offers excellent swimming, and varied choices for walks and hikes ashore reveal Isabela's intriguing features, including an iguana colony and a chance to cross the equator at Ecuador Volcano, the northernmost of Isabela's six great shield volcanoes. Keep an eye out for whales and dolphins as we ply these waters rich in marine life, which were once the haunt of whalers and pirates.

Discovering Our Planet Together

Fernandina

The youngest and most active volcano in the Galapagos, Fernandina is one of the most pristine tropical islands left on Earth. Hike over relatively recent lava flows among hundreds of placid marine iguanas (the largest in the Galapagos), flightless cormorants, and bright orange Sally Lightfoot crabs that speckle the black lava rocks. Galapagos hawks soar overhead while sea lions loll on the sun-baked lava.

San Cristobal

Search for red-footed boobies and the endemic mockingbird and lava lizard—found only on this easternmost island. Explore Baquerizo Moreno, where sea lions thrive in the middle of town.

Española

Española is one of the most prolific wildlife sites in the Galapagos. Hike to Punta Suarez, the seasonal home of the world's only population of waved albatross. The island's endemic red-and-green marine iguanas are also found only here, Española is also home to Darwin's finches, Galapagos mockingbirds, Galapagos hawks, Galapagos doves, Nazca boobies, and the famous blue-footed boobies. A huge colony of sea lions lazes on the beach at Gardner Bay, covering the long stretch of fine powdery white sand. Snorkeling in the bay is generally excellent, too.

Floreana

One of the few Galapagos islands inhabited by humans, Floreana has a rich cultural history filled with intrigue, including tales of pirates who once hid out here. A post office established by British whalers in 1793 is still a means for travelers to leave mail in the barrel for personal delivery via visitors passing through. Snorkel among sea lions and schools of tropical fish in the clear waters off Champion Islet, where we may also find flamingos, pintail ducks and various shorebirds. Hike to a pristine white sand beach, a favorite nesting site for sea turtles.

Day 7: Galapagos Islands—Disembark / Guayaquil or Quito

Our ship has returned to our disembarkation port overnight, and we depart after breakfast this morning, heading to the airport for our flight back to the mainland. You may choose to overnight in Guayaquil, where a transfer is included to the Hotel del Parque, or in Quito, where a choice of hotels is available. The afternoon and evening are at your leisure. Depending on flight schedules, you may be able to take advantage of an overnight flight home.

Day 8: Guayaquil or Quito / Depart

You are free to depart at any time today. A transfer to the airport is included. Fly homeward, or stay on for an optional extension in the Ecuadorian Andes.

Learn more about the seasonal variations of Galapagos weather and wildlife viewing.

Family Galapagos Adventure Accommodations

An Exciting Marine Odyssey with the Most Family-Focused Fun in the Islands!

Wyndham Quito Airport

Just minutes from Quito's international airport, this ultra-modern new hotel offers a tranquil layover retreat, with striking design elements, a gym and spa, and guest rooms with every convenience.

Hotel del Parque

Hotel del Parque is Guayaquil's finest boutique hotel, an exquisitely restored 19th-century property set within the lavish gardens of the Parque Historico, with the ambience of a private estate.

National Geographic Islander II

Discover the wonders of the Galapagos aboard this exceptionally spacious, well-appointed expedition ship, with 26 all-suite staterooms accommodating up to 48 guests—plus a host of varied exploratory modes.

Choosing a Family Galapagos Trip is a Big Decision

Children have a natural bond with nature. As parents or grandparents, you've likely seen this firsthand. And there's simply no more exciting nature adventure for the entire family than a trip to the Galapagos Islands, where amiable wildlife shows no fear of humans. In this wildlife wonderland, you'll create memories that will forge bonds for a lifetime. Our family Galapagos adventure features a host of details that make a multi-generational trip successful. Take a moment to examine these key advantages:

1 More Activities for Optimum Exploration

Swim, snorkel, paddle a kayak, paddle a standup board, walk leisurely, hike vigorously, cruise in a Zodiac with a naturalist, and enjoy plentiful pursuits aboard ship. Snorkel gear and wetsuits are provided, along with paddleboards, kayaks, video microscopes, plasma screens, recorded dive footage by onboard undersea specialists, hydrophones, video chroniclers, splash cams and daily expedition reports—there's something for everyone, to engage a wide slate of interests!

2 The Itinerary Makes a Difference

This wildlife-intensive itinerary offers a more diverse array of sites than many week-long trips do. Unlike routes that travel only to the south or central islands, our itinerary packs in as much as possible in a compact time frame.

3 Our Guides Truly Love Kids!

Experienced staff naturalists are enthusiastic about sharing their in-depth knowledge of nature with kids (and with adults, too). Not only do these professional guides undergo rigorous training, they are also chosen for their ease with children and ability to relate to younger travelers—essential for a successful youth program (see below).

4 Sparking Passion in Young Explorers

The National Geographic Islander II are proud to offer the National Geographic Global Explorers program for kids and teens. It's designed to nurture positive attitudes, skills and knowledge while making new discoveries in nature—from earning an expedition landing craft “driver’s license” to recording wildlife sightings in a Galapagos field notebook, under the tutelage of professional naturalist guides.

5 Guided Snorkeling Experiences

Kids love water, and there is no more exciting aquatic activity than snorkeling with the friendly creatures of the Galapagos. Enjoy personalized, guided small-group snorkeling experiences where Galapagos marine life is front and center.

Discovering Our Planet Together

6 Triple Cabins Accommodate Families

Very few tourist vessels in the Galapagos have cabins that can accommodate more than two persons. Our triple cabins hold three guests each, a helpful option for families.

7 Take Home Thrilling Photos That Enhance Lifetime Memories

The Galapagos' legendary wildlife creates exceptional subjects for nature photographers. Whether you're seeking that perfect shot of a giant tortoise, blue-footed boobies or marine iguanas, you'll benefit from the expertise of our onboard photo instructors—trained at National Geographic headquarters—who make sure you go home with your best family photos ever.

8 Locally Sourced, Sustainable Dining

Our chefs cook with fresh, local ingredients whenever possible, including locally grown produce, sustainably caught fish and other products indigenous to the Galapagos or coastal Ecuador that offer authentic regional flavors. Reusable water bottles are provided in every cabin, with chilled fresh water stations around the ship to make staying hydrated convenient and refreshing—and helping to keep plastic bottles off the beach and out of the sea.

9 Lindblad Supports Galapagos Conservation

Lindblad Expeditions has played an active role in Galapagos conservation since 1967, working in conjunction with Galapagos National Park, Charles Darwin Research Station, local nonprofits and community groups. Since 1997, together with its guests, Lindblad has helped raise nearly \$7 million to support conservation, education, research and community development priorities, and established the LEX-NG Fund to manage grants made in the region.

10 We're Committed to the Planet

Natural Habitat Adventures is a standard-setter in eco-conscious travel. We have been the world's first carbon-neutral travel company since 2007. And we continue to break innovative ground in adopting practices that help to protect our global environment. Because of our concern for the environment, we are pleased to partner with Lindblad Expeditions for our Adventure Cruises, a company that shares our values and commitment to the planet.

11 Natural Habitat Adventures is WWF's Travel Partner

Because of our commitment to environmentally friendly travel, as well as the exceptional quality of our adventures, World Wildlife Fund—the world's leading environmental conservation organization—has named Natural Habitat Adventures as its worldwide travel partner, a designation that makes us exceedingly proud!

Discovering Our Planet Together

Group Size

National Geographic Islander II : [see deck plan and photos](#)

Included

Accommodations; meals indicated; excursions; services of Lindblad Expeditions' Leader, naturalist staff, expert guides and a ship's doctor; use of kayaks, snorkeling gear and wet suits; port charges and service taxes, bar tab excluding some premium brands of alcohol; one hour of wireless internet per day.

Not Included

Air transportation; personal items such as alcoholic beverages (except those noted above), laundry, voyage DVD, etc.; discretionary tips to ship's crew; optional travel and/or medical evacuation insurance.

Recommended Insurance Since the areas we travel to are remote and wild (that's why we go there!), we strongly recommend that all guests have, at minimum, medical evacuation insurance for this program. While this is not required, we make this strong suggestion in the interest of our guests' safety. We recommend that your chosen independent insurance plan includes at least \$250,000 in medical evacuation coverage.

To protect your investment and to provide peace of mind while you travel, we also strongly recommend purchasing comprehensive travel insurance. Plans may cover everything from medical treatment to trip cancellations and delays and lost luggage. Please contact our office if you would like more information about the medical evacuation and comprehensive travel insurance policies we offer by calling 800-543-8917.

Physical Requirements

Easy to Moderate

This Galapagos expedition cruise features a packed itinerary, with early mornings and long days filled with varied activities including island walks, swimming, snorkeling, kayaking and paddleboarding. Trails are often rough and uneven, traversing sharp lava fields and loose rocks and gravel. It is sometimes necessary to walk over slippery rocks when making a Zodiac landing to come ashore. Guests must be able to walk a minimum of two miles to participate in this trip, as well as walk up and down stairs and be able to get in and out of the motorized pangas (rigid inflatable rafts), which can be very unsteady in rough water. A few wet landings, where we disembark from the panga directly into shallow water and walk up onto the beach, are required. Snorkeling is a big component of this trip, with excursions offered nearly every day, sometimes twice a day. While no snorkeling experience is required, prior practice is recommended, and travelers should be comfortable swimming in moderate currents, near shore and in deep water. Our Expedition Leaders will also offer guidance for those in need of additional snorkeling instruction. Travelers are not required to participate in every activity.

Mandatory Insurance

Since the areas we travel to are remote and wild (that's why we go there!), we require that all guests have, at minimum, medical evacuation insurance for this program. This is for the safety of all guests. We require that your chosen independent insurance plan includes at least \$250,000 in medical

evacuation coverage.

To protect your investment and to provide peace of mind while you travel, we also strongly recommend purchasing comprehensive travel insurance. Plans may cover everything from medical treatment to trip cancellations and delays and lost luggage. Please contact our office if you would like more information about the medical evacuation and comprehensive travel insurance policies we offer by calling 800-543-8917.

Getting There & Getting Home

You can arrive in Guayaquil, Ecuador on the afternoon or evening of Day 1 of your itinerary. You are free to depart from Guayaquil in the evening of the last day of the itinerary. Please contact your Adventure Specialist for more specific arrival and departure timing.

We can best serve you by having Lindblad Expeditions' air department book your flights, since Lindblad is most familiar with the special requirements of each trip. Please call Lindblad directly at 800-397-3348. Note that while Lindblad Expeditions' air department will offer you its best available rates on airfare, you may find better fares online.

Discovering Our Planet Together

Extension Details:

See Quito Pre-Voyage Extension
From \$449

Quito & Otavalo Post-Voyage Extension
\$1150

Family Galapagos Adventure Extensions

An Exciting Marine Odyssey with the Most Family-Focused Fun in the Islands!

See Quito Pre-Voyage Extension

Arrive a day early and explore Ecuador's colonial capital. Tour the plazas, Baroque churches, and cobbled streets of Quito's 16th-century historical center.

From \$449

Quito & Otavalo Post-Voyage Extension

Discover Ecuador's rich cultural heritage on this four-day adventure in the Andean highlands, exploring the vibrant capital, Quito, and Otavalo, home to one of the largest indigenous markets in South America.

\$1150
